awakening the skyward castle collector's edition. awakening the skyward castle collector's edition walkthrough

I just love this series of games and this one doesn't disappoint. Hidden object scenes and mini-games are challenging and like whole game fun to play. I like all different types of creatures that are met along the way. The pocket dragon and the owl are with Sophia again and they are really helpful.. I just love this series of games and this one doesn't disappoint. Hidden object scenes and mini-games are challenging and like whole game fun to play.
